SUBJECT: DCID 1/14 Revision

1. Attached is the report of the Chairman of the Personnel Security Subcommittee forwarding the recommended draft revision of DCID 1/14. Please note the following:

a. Tab A is a copy of the 4 January 1982 draft revision developed by the former Investigative Standards Working Group and endorsed by a majority of SECOM members. It served as the basis for the current subcommittee draft. It is attached for reference purposes only.

b. Tab B is the proposed revision SECOM members are asked to act upon. It does not contain alternatives and minor changes addressed below.

c. Tab C reflects the OSD proposal to reduce the scope of coverage from 15 to 10 years.

d. Tab D reflects three different alternatives on addressing the polygraph in the proposed directive. These were discussed at the 26 January 1983 SECOM meeting.

e. Tab E reflects technical and editorial changes suggested by the CIA Office of General Counsel.

2. Members are requested to come to the 23 February 1983 SECOM meeting prepared to deal definitively with the proposed revision at Tab B and with the matters addressed at Tab C, D, and E. I plan to take up DCID 1/14 revision at the beginning of the meeting.
